

Peppa Goes to Hospital

Ms. Celia Cheung

Peppa

Goes to
Hospital

My First
Storybook

The background of the slide is decorated with several hearts of different sizes, all featuring a red base color with white polka dots. These hearts are positioned in the corners and along the edges of the slide, framing the central text.

God is Love

- Peppa learns that hospitals are places filled with love, where people help each other.
- God's love is always with us, guiding us through tough times.
- Love is everywhere, especially when we help one another.
- Remember, love is powerful, and we can share it with everyone around us.
