God Make Wonderful Me
Written by Genny Monchamp
Illustrated by Karol Kaminski

The book *God Made Wonderful Me!* celebrating the idea that every person is uniquely and purposefully created by God. This book highlights how different parts of the body—eyes, mouth, tongue, and ears—serve meaningful purposes. Eyes allow us to see beauty, mouths help us smile and speak kind words, tongues let us enjoy delicious flavors, and ears help us hear the world around us. Each feature is presented as a thoughtful gift from God.

Readers are encouraged to carry this truth with them each day, remembering their inherent worth and sharing that love with others.
